**Approval of Minutes:**

The minutes of the June 20, 2018 meeting were approved as submitted.

**Public Input:**

See attached presentation

**Committee Discussion:**

The Committee had a lengthy discussion regarding the pending ordinance allowing ROVs on the street and any issues they feel may be a result of this ordinance being approved. There was discussion of the desire of the committee to make a formal advisory statement to the Town Council. As this is not on the agenda, having a meeting prior to the Council Meeting was discussed. Pros and cons of the proposed ordinance were discussed at length.

Discussion was continued about assessing access points and field trips to assess and document the access points on San Vicente Trail.

**Adjournment:** 6:40 pm

**Approved:**
