

## PUBLIC NOTICE

There is currently litigation pending before the Sixth Judicial District Court brought by the Secretary of State against the Town of Silver City and its officials to prohibit the Town from conducting the upcoming municipal election for March 5, 2019. The District Court has issued an order directing the Town Clerk to take no further actions which the Clerk would be required to do in furtherance of said election until the litigation has been resolved. As a consequence, the Town Clerk will be taking no further actions with regard to the March 5, 2019 election until such time as the District Court changes such order or the litigation is resolved. The Town Clerk will post further information at that time on the Town's website.
